

Newsletter – Pontiac Community Development Corporation

NO 13 – JULY-AUGUST 2018

PAGIÉPS (Government Action Plan for Economic Inclusion and Social Participation) – On June 14th, the CDC National Table (TNDCDC) issued a **press release** in order to challenge elected officials on the leading role that the 65 CDCs across Quebec can play in the process of implementing the *Alliances pour la solidarité* within their region. According to the Director-General, Marie-Line Audet, it is important to consider the CDCs for what they are, that is, experts in community development, social development and the fight against poverty.

In Outaouais, it was the *Outaouais Social Development Consortium* (CDSO) that proposed its participation in the implementation of the *Alliance*. In a letter addressed to the Regional Selection Committee of the *Regional Outreach Support Fund* (FARR), which with the warden' table began the implementation work of the *Alliance* for the Outaouais region, the CDSO recalls that some of the regular participants of the CDSO have already been involved in the implementation of the *Alliance* under the previous Plan to Fight Poverty and Social Exclusion, which gives valuable expertise to our region. Remember that the TDSP is a regular participant in the CDSO.

Let's talk horticulture - We had fun in the last two months to bloom your newsletter. After the lily of the valley of May and the rose of June, here is your summer bouquet composed of the July flower, the delphinium (or larkspur) and the two flowers of the month of August, the poppy and the gladiolus. Have a good summer.
